

Aurala's Safer Space Principles

Be open

Approach new people and topics without prejudice. See it as an opportunity to learn and grow.

Respect

Be mindful of your language and respect the diversity of participants. Aurala is a minority-friendly space, and we do not tolerate discrimination or hate speech.

Avoid assumptions

Respect everyone's right to self-identification. Avoid making assumptions about others' gender, background, or family status.

Intervene

If you witness inappropriate behavior, speak up. You can also report it to Aurala's staff.

Listen and encourage

Help create an environment where everyone feels welcome and comfortable.

Relax

Everyone makes mistakes. If you do, apologize. Be curious and open to learning new things.
